## Why choose Julie M Hutchin Consulting Australia?

- It is a training and assessment firm that is fully accredited

As an Affiliate partner of Southern Cross International Learning Institute (SCILI), all courses are fully accredited and nationally recognised. National Registered Training Provider No is 32506.

- You work with an organisation that is fully compliant

Julie M Hutchin Consulting Australia is compliant with Industry Standards and Australian Quality Training Framework and Standards. Training is relevant, current, correct and valid. The course delivery is planned specifically to ensure the appropriate facilitation of course content.

- Your Consultant is qualified and caring, and delivers painless training

Your course tutor, Julie Hutchin, is a fully qualified, experienced and sought-after Trainer/Assessor. Her care and dedication ensures that she is passionate about seeing you succeed. She will pull out all the stops to ensure that you achieve your learning outcomes!

- You will receive as much support as needed
- Your confidence and self-esteem will be boosted

Training is face to face when required, which means that you are never thrown in the deep end or made to feel silly. You will receive as much support as you need, and training will be slowed down or sped up as required.

## Who is Julie M Hutchin?

Julie M. Hutchin of JMH Consulting Australia Training/Assessment is a:

- Sustainable Educator
- Trainer and Assessor
- Teacher of English as a Second Language

Julie has experience with diverse cultural backgrounds (including diversity of social and religious beliefs) and is an LLN Industry Expert with an enormity of experience in the Corporate and Educational Sectors; i.e.: TAFE, ESL, VET.

Experienced and highly qualified as a trainer and assessor in the Vocational Education and Training, ESL and Secondary educations areas, Julie has assisted numerous teachers to obtain their qualifications for the Training and Assessment certificate through the Recognition of Prior Learning (RPL) process. Her many years of experience working with industry gives Julie the reality of practice to expertly mentor adult learners of any ability or educational background.

Julie's experience of working in remote areas with Indigenous people and communities provides a wealth of experience with Indigenous cultures to enhance their learning experiences. During 30 years as a Local Resident Landholder near Wujal Wujal Aboriginal Community, Julie also home tutored her daughter via 'The School of Distance Education Cairns'; worked on education and community programs with Indigenous people and survived the harsh and lonely reality of rural and remote life.

Now based in Cairns, Far North QLD, Julie is an Affiliate partner of Southern Cross International Learning Institute. Julie continues to work with International students in mixed mode platforms: Online, Skype and Distance.

Julie also partners with other qualified trainers with currency in different training and assessment areas to ensure a constant and geographic available service across Australia and even internationally.

## Expertise

Expertise is offered in the following Education Sectors:

- Onshore and off shore delivery of education and training programs and services
- International education and training consultancy services
- Education and Training (Governance)
- Institutional Strengthening Programs
- Sustainable Education
- Training reform
- Professional Development.

Our specialty areas are delivering the Training and Assessment qualification (TAE) and training and teaching people where English is a second language.

We offer

- TAE40110 - Certificate IV in Training and Assessment
- Certificate IV - TESOL40540SA
- We offer Recognition of Prior Learning (RPL)
- Training for Aboriginal/Indigenous people and those in Rural or Remote areas
- Adult Literacy Training
- Tutoring for industry compliance

## Sustainable Practice

Sustainable education requires the steadfast engagement you get with JMHCA. JMH Consulting Australia has a proven record of sustainability with training methodologies to ensure new skills and language are embedded and passed to others. Language and literacy are contextualized for staff in their workplace, no matter what level they are at.

Further, we are committed to reducing the amount of paper used in our courses and we encourage as much on-line learning as is practicably possible.

Julie has a Diploma of Sustainability and lives a green lifestyle in the foothills of rain forested Cairns.

## Testimonials

I have come to know Julie while I was completing a Certificate IV in Training and Assessment late last year. I have found Julie to be open and flexible and she is an excellent communicator. As I have a vision impairment it is so imperative that trainers understand different learning strategies. Julie took the time to learn about my specialised technology and learned how it worked prior to me starting the course. I feel this helped us to establish such a wonderful student-teacher relationship. In essence I feel Julie would be an asset to any training organisation and I really enjoyed my training sessions with Julie.

**Meredith Grose**

I have had the pleasure of working with Julie, and observing Julie work with clients and students over the last 2 years, and I am thankful for the opportunity to learn from Julie's skills in motivating students and trainers alike, while organising and delegating a high workload of tasks to ensure that all students have the best opportunity to develop their skills and knowledge. Julie's knowledge and experience, combined with her supervisory and prioritising skills and high work ethic, ensure that any students / clients will achieve the best results possible.

**Corey Evans**, Jancor Training Solutions

Julie is a very experienced and highly qualified trainer and assessor in the VET, TESOL and secondary education areas. Julie has assisted numerous teachers to obtain their qualifications for the Training and Assessment certificate through the Recognition of Prior Learning (RPL) process.

Her many years' experience working with industry gives Julie the qualifications to expertly mentor students to gather and submit evidence for the Recognition of Prior Learning or Recognition of Current Competencies (RCC) for the course they have enrolled in. Using the method of RPL reduces the work load for students and assists in fast tracking their qualifications.

Julie also has additional qualifications as a Language, Literacy and Numeracy Trainer and supports Local and International Students through ESL tutoring.

With Julie's competent, dedicated and flexible approach to teaching and assessing I have no hesitation in recommending her to anyone seeking a professional in the field of education.

**Robyn Corner**, Bachelor of Vocational Education and Training, Certificate IV in Training and Assessing, Diploma of Management, Diploma of Business (Administration)

Julie Hutchin has provided me with a very efficient, high quality & professional service. All my questions are answered promptly via email & she has always been punctual attending to meetings set over Skype. I couldn't have completed my coursework without her.

**Chris Kevan**, Director. ESL College Japan.

I have known Julie for almost 30 years: first when we were both living and working in a rural and remote setting and then more recently within the VET sector. Julie is a training assessor who delivers according to the learning and locality needs of the student: whatever those needs may be (physical, social emotional or spiritual). This is a refreshingly different client centered approach to many assessors who make the student come to them.

Julie's background with people who have English as a second (or fifth) language, places her squarely into diversity practice of a high merit. This coupled with her work and living with Australian Indigenous people is a demonstration of Julie's non-discriminatory approach to interactions and ongoing learning.

Trustworthy and committed, helpful and non-judgemental, Julie's personable approach to business and business relationships sets her apart from the usual corporate crowd and positions her in an enviable position of fully appreciating the circumstances of a student and organisation.

I would train under Julie.

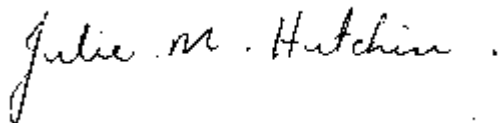

**Megan Bayliss**, BSW, Dip SOC, MAASW, TAE, Dip Sustainability, The Junk Wave

## We are looking forward to serving you

Whatever your training needs, we are happy to chat with you: to either enroll you or to give you options on how best to achieve your individual learning needs.

Have a wonderful day and please do come and visit us on [facebook](#) or [LinkedIn](#) or our [website](#).

With respect

Julie M. Hutchin
